

# Rizer-Line™

Advanced Freeze Protected Water Supply System for livestock drinking bowls and watering equipment.

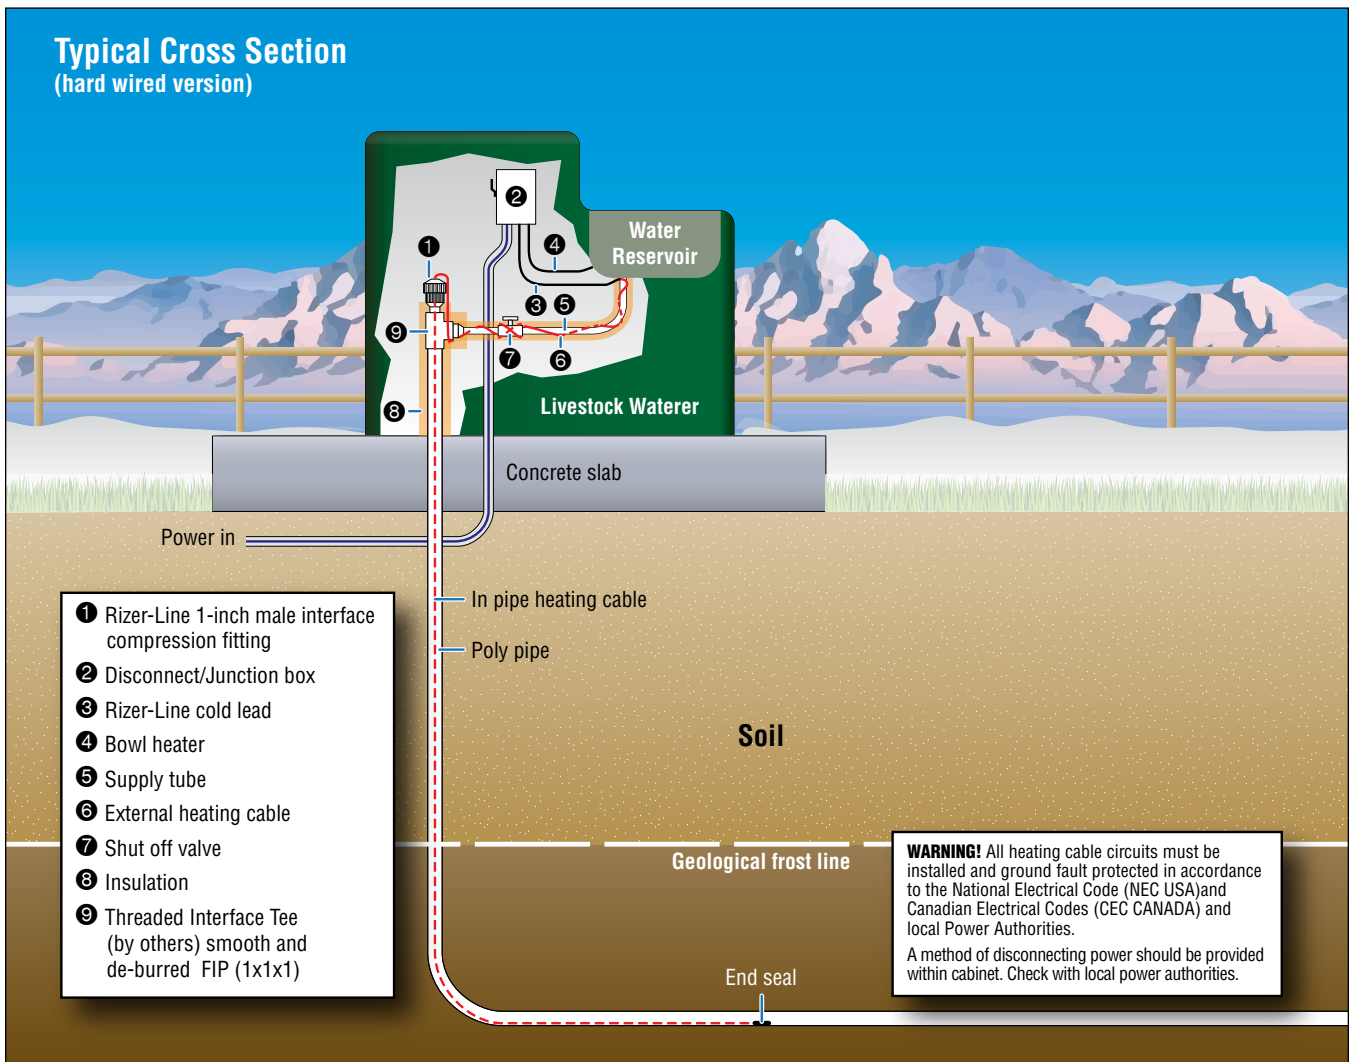

## Installation Instructions

Rizer-Line is a Retro-Line specifically designed for use in water pipe risers extending from below the ice/frost line and into the water or drinking bowl housings. It comes complete with an external heating cable extension to protect plumbing externally within the housing.

### Approvals

LR85446 Desig. 4A, 4B

### WARNING:

**Important Safety Instructions and Rules for safe Installation and Operation**

- A. Read these rules and instructions carefully. Failure to follow them could result in serious bodily injury and/or property damage.
- B. Check your local building, plumbing and electrical codes before installing. You must comply with their rules. Heat-Line is cSAus approved for use in Canada and the USA.
- C. Before installing this product have the electrical outlet checked by an electrician to make sure it is properly installed and grounded.
- D. Before installing or servicing your Heat-Line BE CERTAIN that the power source is disconnected.
- E. Do not use extension cords.
- F. Heat-Line is NOT approved or designed for use in sewer or waste systems. For sewer and waste systems use Heat-Line Paladin, CARAPACE or EXT series systems. Never tamper with or alter the electrical apparatus associated with your Heat-Line system.

**WHEN PERFORMING WORK OR REPAIRS ON YOUR WATER SYSTEM BE SURE TO UNPLUG YOUR HEAT-LINE SYSTEM FROM THE POWER SUPPLY.**

Refer to Retro-Line installation instructions
